
The WZB is barrier-free

Dear guest of the WZB,

Our institute provides barrier-free accessibility to all areas of the building. You will find important information in this flyer that will help you plan your stay and find your way around the building. If you have any questions, please don't hesitate to phone us.

Getting here/arrival

With public transport or by taxi

Wheelchair users and guests who have difficulties climbing stairs can use the barrier-free entrance through the gate to the "Pergola" on the corner of Reichpietschufer and the private street bordering the WZB building (see the map on the back). Please ring the bell to alert the reception service to open the door. The reception desk is staffed from 7:00 a.m. to 11:00 p.m., Monday through Friday. To exit the building, please use the door openers located to the right of the building door and the gate respectively.

With your own car

If you are driving to the WZB, **barrier-free access** to the building is available through the gate to the "Pergola" on the corner of Reichpietschufer and the private street bordering the WZB building (see the map on the back). The parking space designated for people with disabilities is located on the north side of the building. Please inform the reception service of your arrival by ringing the bell at the gate or at the entrance.

Conferences

The WZB **conference rooms** are located on the third floor of the old building (access via **lift A**) and in wing B on the ground floor. When you submit your registration, please let us know if you will need any assistance by calling +49.(30).25491-512.

WC for people with disabilities

A WC for disabled people is located behind the conference rooms on the third floor of the old building. Another WC for people with disabilities is on the ground floor opposite the cafeteria and can be accessed from the conference rooms by using the lift.
