

## The WZB is barrier-free

Dear guest of the WZB,

Our institute provides barrier-free accessibility to all areas of the building. You will find important information in this flyer that will help you plan your stay and find your way around the building. Regrettably, until the end of 2019, there will be some restrictions due to site work (see map). If you have any questions, please do not hesitate to phone us.

---

### Getting here/arrival...

#### ... With public transport or by taxi

Wheelchair users and guests who have difficulties climbing stairs can use the barrier-free entrance through the gate at the left of the main entrance. Please ring the bell at the green information pillar next to the main entrance to alert the reception service to open the door. The reception desk is staffed from 7:00 a.m. to 11:00 p.m., Monday through Friday. To exit the building, please use the bell located at the door of the "Poststelle" on the ground floor (see map). The reception service will help you along.

#### ... With your own car

The parking space designated for people with disabilities is now located on the west side of the building (Hitzigallee). Please inform the reception service as described above.

### Conferences

The WZB conference rooms are located on the third floor of the old building (access via lift A) and in wing B on the ground floor. When you submit your registration, please let us know if you will need any assistance by calling +49-30-25491-512.

### WC for people with disabilities

A WC for disabled people is located behind the conference rooms on the third floor of the old building. The other WC for people with disabilities is on the ground floor opposite the cafeteria; regrettably there is only restricted access now.
